YP Corp. Announces Fiscal 2005 Results

Customer Count and Financial Performance Projected to Improve in the Fiscal First Quarter of 2006

(Mesa, AZ) - December 19, 2005 - YP Corp (OTCBB: YPNT), a leading provider of nationwide Internet Yellow Pages and related services, today reported its financial results for the fiscal year ended September 30, 2005.

Net revenue for the year ended September 30, 2005 was \$25,204,858, down 56% from \$57,168,105 in fiscal 2004. The significant reduction in net revenues was the result of the customer attrition related to billing transitions from LEC to other billing sources. While there was some improvement during the second and third quarter of 2005, the fourth quarter showed additional declines in customers resulting in further decline of net revenue.

The operating loss for the year ended September 30, 2005 was \$831,134 compared with income of \$12,704,882 in the prior year. While expenses were reduced over the year, margins eroded due to the significant decrease in our net revenues and the fairly fixed nature of many operating expenses combined with the expense related to reconfirmation of the Company's LEC base of customers. Also, included in these results was a change in estimate for the amortization period of customer acquisition costs to 12 months from 18 months resulting in a \$921,000 non-cash charge.

Additionally, previously reported non-recurring charges related to the termination of certain agreements with former officers of \$212,000: a pre-tax charge of \$282,000 attributable to the reacquisition of shares from the Company's major shareholder in exchange for the forgiveness of debt owed to the Company and the acquisition of certain intellectual property rights; and an additional non-recurring pre-tax charge of \$328,000 was taken as the result of an arbitration judgment against the Company that is currently on appeal. This was partially offset by the reversal of approximately \$295,000 of charges related to truing up estimates of forfeitures of restricted stock grants.

Pre-tax loss for the year ended September 30, 2005 was \$1,147,188 compared with pre-tax income of \$13,801,079 in the prior year. The net loss for the year ended September 30, 2005 was \$618,158 (\$0.01 per share) compared with net income of \$8,960,983 in the prior year (\$0.19 per share).

Net revenue for the three months ended September 30, 2005 was \$6,052,936, a decrease of 7.7% from \$6,517,158 in the previous quarter. The operating loss for the three months ended September 30, 2005 was \$1,301,361 compared with operating income of \$321,880 in the prior quarter. The previously noted \$921,000 non-cash charge related to the change in customer acquisition costs was taken in the September 30, 2005 quarter. The net loss was \$815,727 compared with a loss of \$149,784 in the quarter ended June 30, 2005.

Alistair Johnson-Clague, who was elected Chairman of the Board in November 2005, stated "While these results are unacceptable, we ended the year in a good financial position, with cash and equivalents of \$8,119,298 and working capital of \$14,690,911 both of which were up substantially from a year ago. Moreover, cash flow from operations for the year was positive at \$6,990,162 up from \$4,818,203 in 2004."

The company's customer count on September 30, 2005 was 92,000 customers, down from 196,000 customers one year ago, and down from the 108,000 reported on June 30, 2005. The decline in the customer count for the year and the quarter was principally attributed to continuing changes in the billing practices required by our vendors. These changes resulted in the company having to transition customers to alternative billing channels, as well as an interruption of the company's marketing program in the first quarter of fiscal 2005, during which we made no mailings.

Outlook and Guidance

Alistair Johnson-Clague, stated "We feel we have reached the bottom in our customer count, and financial performance. Our expanded marketing efforts, which now include telemarketing in addition to increased mailings, have yielded positive results in October and November that are encouraging as we move into Fiscal 2006. We expect the first fiscal quarter ended December 31, 2005 will show an improvement in revenues, operating income, net income, and customer count over the prior quarter. We also expect our balance sheet to remain strong, with no debt and a high cash and working capital position."

First Quarter FY 06 (ending December 31, 2005)

- Net revenue is expected to range between \$6.5 million and \$7.0 million
- Gross margin is expected to be between 81 percent and 83 percent
- Operating expenses are expected to range between \$5.1 million and \$5.4 million
- Cash generated from operations is estimated to exceed \$300,000

Financial statements for the fiscal year ended September 30, 2005 are set forth below. They will also be included in the Company's Annual Report on Form 10-K, which we expect to file with the Securities Exchange Commission shortly after this press release.
